

WEEKLY UPDATE

January 6, 2021

Dear Residents and Families/Representatives,

Happy New Year!

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that we currently no confirmed cases of COVID-19 in our facility.

The Walgreens Mobile Pharmacy Clinic was onsite at Spanish Trails on December 31, 2020 and provided the COVID-19 vaccine to a number of residents and staff. The next Walgreens Mobile Pharmacy Clinic at Spanish Trails will be on January 28, 2021.

The Spanish Trails Team continues to work with Curative, a COVID-19 testing company, to test residents and staff weekly in accordance with the New Mexico Department of Health guidelines and the current greater than 10% county positivity rate for Bernalillo County. With respect to the local county positivity rate, the COVID-19 positivity rate for Bernalillo County continues to decline for the 5th straight week, standing at 10% as of January 5th.

In addition to Curative support, we also have rapid testing equipment in the facility which allows us to test both residents and staff and obtain COVID-19 results within approximately 15 minutes.

We continue to keep our residents in communication with their families via regular window visits and video/face time calls with their loved ones. We are making every effort to keep our residents engaged during this 2nd wave of COVID-19 and responding to their requests and preferences as timely as possible.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 505-600-4800.

Sincerely,

Mark McElwee
