

WEEKLY UPDATE

December 16, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 96 residents and 39 staff members test positive for COVID-19.

We are excited to share with you that we are working with Walgreens Pharmacy to provide the COVID-19 vaccine onsite to our residents and staff in the very near future. Currently, we are obtaining all the required vaccination consent forms, educating staff and residents, and gathering all the information necessary for this upcoming event.

The Spanish Trails Team continues to test residents and staff in accordance with the New Mexico Department of Health guidelines and the current greater than 10% county positivity rate for Bernalillo County. We also have rapid testing equipment in the facility which allows us to test both residents and staff and obtain COVID-19 results within approximately 15 minutes.

We continue to keep our residents in communication with their families via regular window visits and video/face time calls with their loved ones. We are making every effort to keep our residents engaged during this 2nd wave of COVID-19 and responding to their requests and preferences as timely as possible.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 505-600-4800.

Sincerely,

Mark McElwee
