

WEEKLY UPDATE

06/16/2020

Dear Residents and Families/Representatives,

Please accept this letter as Spanish Trail Rehabilitation Suites' weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As of today, we have no confirmed cases of COVID-19 in our facility. On 06/12/2020 23 residents and 28 employees were randomly tested, all returned negative detection of COVID19. We will continue to randomly test both staff and residents each week. Activities staff continue to provide independent activities for residents as well as assist with window and video visitations. Video and window visitation can continue to be scheduled by contacting Juanita Rios, Activity Director, at 505-600-4825.

As a reminder, we continue to closely monitor and follow the recommendations of our federal, state and local health officials. Only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 505-600-4800.

Sincerely,

Kelley Whitaker
Regional Administrative Director
